Stepping Outside of the Box: How to Successfully Teach Music Online

Saturday, February 15, 1:30 - 2:20 | Chrysalis

With Katelyn Kaiser

Following a health crisis in March 2019, Katelyn Kaiser (MM) was forced to make a career change and bring her work home with her.

After a few months of teaching English as a Second Language online, she realized there was a market for online teaching in all subjects--even music!

This interactive workshop will share information on how to teach on a completely online platform. It will cover all aspects of digital teaching, including: different online platform options, how to market yourself to parents, what subjects to teach, how to build classes, how to create a curriculum to suit neurologically diverse learners, and how to make your online classes a multi-faceted artistic experience. Katelyn will share real-life examples of her classes, her materials, and her experiences as an online-only music teacher.
